Epson AcuBrite Toner

Epson AcuBrite toners assure you of the very best print quality with stable, uniform coverage and rich, lifelike colours.

Epson Individual Ink Cartridges

Epson individual inks help users save money and maximise ink usage by allowing them to replace only the ink colour that has run out.

USE ONLY ORIGINAL EPSON CONSUMABLES

Epson DURABrite Ultra Ink

A special pigmented ink which offers printing resistance against smudging, water & fading on all supported papers, including plain paper.

Epson DURABrite Ultra's water-insoluble pigment particles and their strong adherence to media make prints resistant to both smudge and water immediately after printing.

With fade resistance of 120 years, even on plain or matted paper without special coating, documents can be used or archived for a long period of time.

Epson Claria Photographic Ink

Featuring an extra wide colour gamut for smoother gradations and a vivid gloss finish, Epson Claria photographic ink is a revolutionary dye-based photo ink set that provides quick-drying and fade-resistance stunning photos that last for 200 years.

Epson Claria Photographic Ink is water & scratch-resistant when printed on Epson Premium Photo Papers.

ENGINEERED FOR BUSINESS
