

Save more with business EcoTank printers that are built in detail to keep your total cost of ownership down and bring up productivity. Epson EcoTank L6550 and L6580 printers deliver fast print speeds of up to 25 ipm with a first colour page-out time in just 5.5 seconds* for high performance business printing. These printers have a high page yield of up to 7,500 pages in black and 6,000 pages in colour with pigment ink that offers sharp, crisp and water-resistant prints. Using clean, hassle-free ink refilling process and Epson Heat-Free Technology, power consumption and the need to replace consumables are significantly lower, reducing your running cost.

Ultra-High Page Yield (Black)

Automatic Document Feeder

Low Running Cost

Low total cost of ownership with easy maintenance and high yield ink bottles that minimise frequency of consumbles replacement.

Built for Business

High performance business printer that supports PCL and PostScript*, with fast speeds of up to 25 ipm* and inks for quality prints.

Heat-Free Technology

Achieve high speed quality printing at lower power consumption with Epson PrecisionCore Heat-Free Technology.

*1 Print speed (Pages Per Minute) is calculated when printed on A4 plain paper in the fastest mode, 10 x 15 cm photo print speed when printed on Epson Premium Glossy Photo Paper. Print speed may vary depending on system configuration, print mode, document complexity, software, type of paper used and connectivity. Print speed does not include processing time on host computer.

- $^{*}2$ When printed on Epson Premium Glossy Photo Paper.
- *3 Default mode in accordance with ISO7779 for MFPs.
- *4 In accordance with ISO 24711/24712. Actual yields will vary considerably for reasons including images printed, print settings, temperature and humidity. Yields may be lower when printing infrequently or predominantly with one ink colour. A variable amount of ink remains in the cartridges after the "replace cartridge" signal. Part of the ink from the first cartridges is used for priming the printer. Ink is used for both printing and print head maintenance. All inks are used for both pitals and colour printing.
